

Technical drawing of a circular part, showing a top view and a side view. The top view is a circle with a central hole and a rectangular slot. The side view is a cross-section of the part, showing a central hole and a rectangular slot. The drawing is labeled with 'A' and 'B'.

The drawing shows a mechanical part with a circular cross-section. The outer diameter is labeled as  $\phi 50.8$  and the inner diameter is labeled as  $\phi 2.00$ . A section line A-A is indicated, passing through the center of the part. The section view A-A shows a cross-section of the part, which is a circular disk with a central hole. The section view is labeled with 'A' at both ends of the section line.

Technical drawing of a circular part. The drawing includes a top view and a side view. The top view shows a large circle with a smaller concentric circle and a central hole. The side view shows a rectangular slot with a central hole. Dimensions are given as [50.8] and Ø 2.00. A feature is labeled 'A'.
